

Dewmark Hydro WR-H 79/130/H/M

The profile is made to a specific height H from 85 mm to 400 mm.

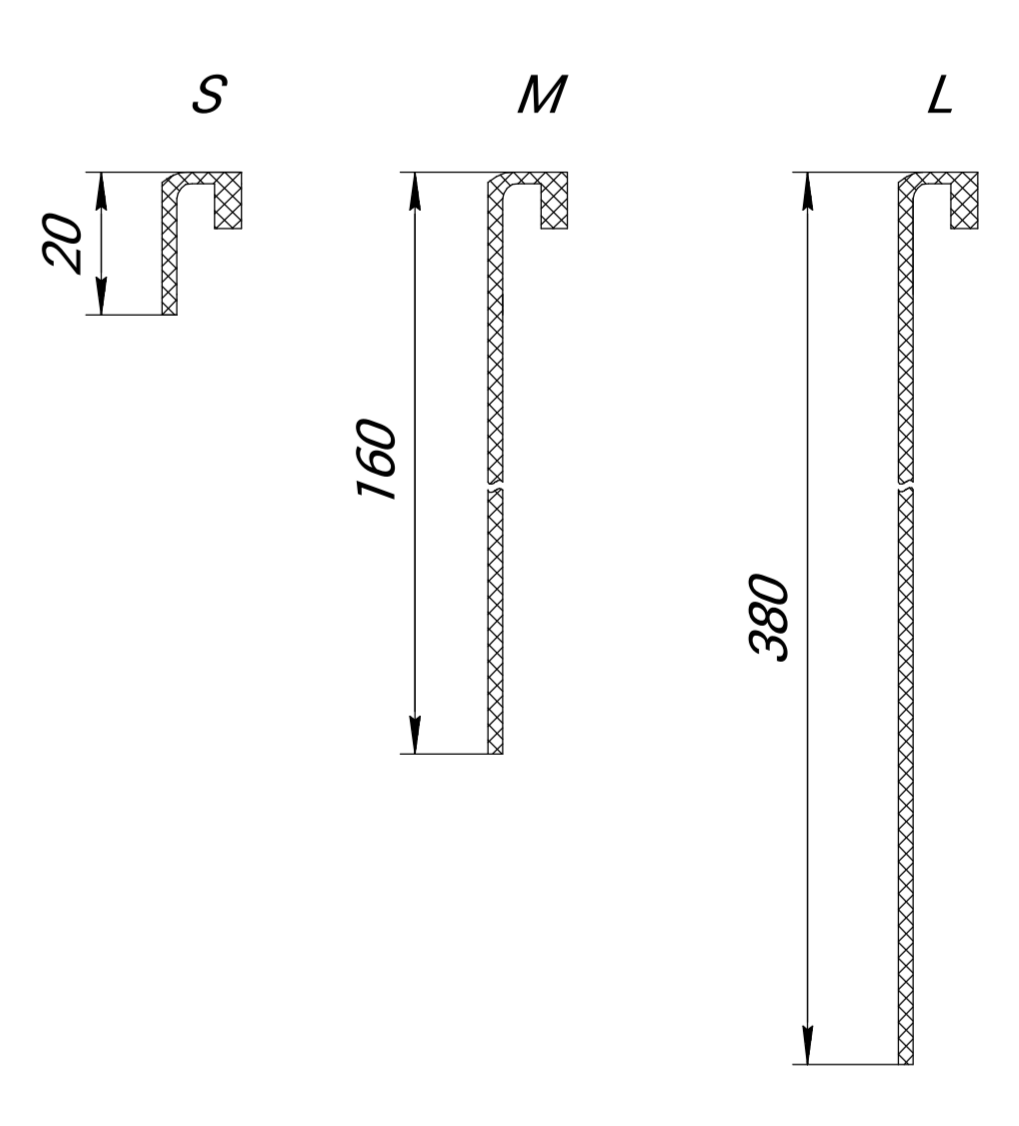

Dewmark Hydro WR-E-H 79/130/H/M

The profile is made to a specific height H from 85 mm to 400 mm.

Dewmark Hydro WR-H 79/130/H/M/F

The profile is made to a specific height H from 85 mm to 400 mm.

*A profile can be completed with three types of sheets:
 S - small - 20 mm wide,
 M - medium - 160 mm wide,
 L - long - 380 mm wide.*

You can choose the required width based on your technical task.
